## THIS CREATIVE EXISTENCE - UNFOLDING A NEW CONSCIOUS WORLD

*The author and her gorgeous team invite you to a very special moment:  
a mutual travel, starting with Crystal Singing Bowls...  
an open collaboration from meditative consciousness into creation.*

Like the book, we will unfold our consciousness and beauty, our awareness of deeper levels of ourselves and co-existence... and bridge them into vastness, wonder, joy... What will appear is new in every moment and constellation. The author, dancers, choreographer, Yoga Teacher Trainer, artists... and all courageous people who will join will be in oneness. A party in other dimensions... to unravel what was not before.

We will bring different creative materials to help transform upcoming needs during our process. You can also bring what you think will add joy in any way... Everyone is welcome, with or without previous knowledge or experience!

Cesilia Ekroth, the Swedish author and mother of the book THIS CREATIVE EXISTENCE will sign her book between the sessions.
